

SHUBHAM PATEL

• sanket13052004@gmail.com • github.com/sankett13 • [LinkedIn/ShubhamPatel](https://www.linkedin.com/in/ShubhamPatel)

As a third-year Computer Science and Design student, I, Shubham Patel, am passionate about backend development. My expertise lies in the MERN stack, and I have substantial experience with programming languages such as Java, C, and C++. I am always eager to learn and explore new technologies.

LANGUAGES & SKILLS

Node Js	React Js	Express Js	Java	Java Script
Mongo db	My Sql	Html & Css	Tailwind css	Figma

EXPERIENCE

I have experience working with various programming languages and have actively participated in multiple hackathons. Notably, I and my team reached the finals in the Odoo Combat 2024 Hackathon. Additionally, I have worked on numerous personal projects, which can be viewed on my GitHub.

PROJECTS

Library Management system

[Github project Link](#)

- Fully developed on MERN Stack
- Google OAuth used for easy SignUp
- User-Protected Routes
- JWT Tokens
- Mongo Db for User Information and User Books Details

Real time, crime reporting in crime tracking

[Github project Link](#)

- Made Using MERN using React Leaflet
- Three User access Citizen , Law Enforcement , Admin
- Detects the Current location of the user while reporting the crime
- User can Upload Media while reporting
- Law Enforcement can see all the reported
- with many more functionality for Law Enforcement and Admin

Java Multi Chat Web App

[Github project Link](#)

- Java Multithreading application
- Using Socket Programming
- Allows Multiple Clients to connect to one server
- Best use of Java MultiThreading

Travel CRUD Web App

[Github project Link](#)

- RESTful APIs Implementation
- Using Express Js and Mongo Db
- Users can View the Stored Listings
- Can Create a new Listing
- Can Delete or Update the existing Listings

[and you can find many more Projects on my Github](#)

EDUCATION

Computer science and design

A. D. Patel Institute of technology

- BTech in computer science and design

Pass out year : 2026

ADDITIONAL INFORMATION

- **Languages:** Hind, English, Gujarati, Marathi
- **Certifications:** Selected as a finalist in the Odoo Combat 2024 competition.
